

Scope

Harris Irwin Architects are a team of qualified architects, designers and technicians with affiliated membership to The Architects Registration Board, The Royal Institution of British Architects, The Royal Incorporation of Architects in Scotland and The Chartered Institute of Architectural Technologists.

The practice focuses on the design and construction of large-scale care buildings and later-living communities across the UK. Whilst our main focus is the care sector, we also have expertise working in the education and housing sectors.

Our breadth of expertise in the care sector coupled with the breadth of schemes which we are involved in allows us to continually improve, innovate and refine the care environment, enhancing the experience of the residents, their guests and staff, whilst being practical to build and efficient to operate.

Quality Policy

Quality for Harris Irwin Architects means carefully considered designs that:

- Address our clients design aspirations
- Are dependable, meaningful and thorough
- Are delivered in a timely and professional manner
- Meet our clients' requirements
- Are correct and without error
- Demonstrate clarity of thought and presentation

Our quality policy has two aims, to ensure that:

- Our work shall be dependable, comprehensive and accurate
- We embody a culture of continuous improvement

In applying our quality policy, we will:

- Comply with the best practice Standard for quality management systems ISO 9001:2015
- Comply with our legal and other obligations
- Continually improve our quality management system
- Achieve and maintain independent third-party verification of compliance with ISO 9001 via BSI, a UKAS accredited Certification Body.
